DEFEATED AT BURLINGTON. Spaulding High Lost at Basketball, 25

to 19, Last Evening.

In a game played at the Y. M. C. A. in Burlington last night, the Spaulding high school busketball five suffered defeat at the hands of the Burlington high school team by a score of 25 to 19. In many respects it was the fastest game the Barre boys have engaged in this eason. Outweighed almost to a man, the Spaulding team fought brayely to overcome a small lead that the Burling ton quintet gained in the early part of the game. In passing ability, the two teams were evenly matched. Discounting Burlington's familiarity with its own floor and baskets, the Spaulding boys plainly outdid their opponents in locatng the basket. Several fouls were called on Spaulding by the umpire, Beeman, although both teams freely engaged in using both arms.

The Barre team started in the first period with a rush that promised a com-manding lead. Carroll located the loop for two baskets in the opening minutes of the game. Powers and Alden, however, came back with a pair for Burlington that evened the score. Carroll and Ogston pulled off some pretty plays in this period as did Powers and Hughes for the home team. Until the last few minutes of the period, both schools fought tooth and nail for the lead, but a basket and a foul by Powers left the score at 17 to 14 in favor of Burlington when the whistle sounded.

In the second half of the game, the two teams settled down, and scoring occurred less frequently than in the first period. Spaulding seemed to weaken slightly at this stage, while their opponents gained strength if anything. The ball was usually found in the middle of the floor, although Burlington lost several excellent chances to score through faulty shooting. Williams and Ogston fought gamely, and were the only Spaulding men to score. Palmer and Hughes put in some aggressive work for Burlington in this period. The referee was obliged to call time frequently during the last half as players on both sides were continually retiring for minor injuries.

A good sized delegation of Spaulding rooters, including members of the alumni build a track of its own, and thus make attending the university of Vermont, was present in the baleony. The line

BURNED THEIR NOTE.

Barre Golf Club Members Take Joy in Seeing Evidence of Debt Go.

Presentation of trophies won last sum-mer, burning the final note on the club-house, an enjoyable concert program, in addition to the eating, were features of a banquet of the Barre Golf club, which was held in the Knights of Pythias ball last evening and which was attended by about eighty-five persons. The enter-tainment was concluded with a social time and games of drive whist and "five hundred." Perhaps the destroying of the note was the most striking feature, as the piece of paper, enkindled on a plate, burned like the tough old thing it has been for years. Coincident with that act was the announcement that extensive improvements are contemplated at the links the coming season if a satisfactory lease can be made with George Dodge, the owner.
